

DEVELOPMENT WEST COAST - CONTACT US NOW

Development West Coast maintains an office in **Greymouth** and has a CEO supported by an executive management team and professional staff, an investment team, a secretariat and a regional development unit.

It is governed by a **Board of Trustees** and has an **Advisory Body** of independent specialists who guide Trustees and staff with recommendations regarding large scale regional financial decisions. It also has **specialist investment advisors** for its capital market investments.

“Many of the staff working at Development West Coast and its stakeholders/client organisations moved here to live and work.

Their personal understanding surrounding relocation, lifestyle choice and the benefits of living on the West Coast is invaluable to those contemplating a life style change or considering investment in the region.

I am proud of what our region has achieved over the past 6 years. The West Coast enjoys the lowest unemployment in the country, we have major

regional and district initiatives underway and we have supported many businesses to enable start up and expansion projects.

The West Coast is a region rich in heritage, history and natural resources and we invite you to come and join us in our pursuit of progress for the benefit of the region and all those who live here.”

Mike Trousselot

CEO, Development West Coast.
