

Developing the West Coast Economy

Development West Coast's objectives are to promote employment opportunities and generate sustainable economic benefit for the West Coast region.

DWC aims to achieve these by investing in businesses and regional development projects that will benefit the West Coast region now and in the future.

DWC provides and facilitates a range of innovative support initiatives and services for businesses on the West Coast.

The Business Toolbox

Our business support team is continuously developing and expanding the DWC "Business Toolbox" which provides access to a range of services. For more information pick up our Business Services brochure.

Commercial Finance

DWC can provide a range of commercial financing options to West Coast businesses, including commercial lending, equity investment and guarantees. For more details see inside.

Assisting Industry

While DWC aims to support individual businesses, it also seeks to identify new industry opportunities on the West Coast where the region has a natural competitive advantage. In addition, DWC also looks to support existing industries by exposing them to the latest innovations and initiatives.

DWC's role is to facilitate the links between West Coast industry and appropriate industry experts to provide this support.

Getting help

The best place to start is with a call to DWC.

We are passionate about developing the West Coast economy so it's great to hear about your plans and learn what your business is doing. We have well established relationships with our partner organisations which means we can help you get the most out of the huge range of services on offer.

Contact the Business Support Manager at DWC to discuss your business needs on 03 768 0140 or at business@dwc.org.nz

COMMERCIAL FINANCE

COMMERCIAL FINANCE

Development West Coast (DWC) is able to provide a range of commercial financing options for West Coast businesses, including commercial lending, equity investment and guarantees.

Applications pass through a comprehensive assessment process with the key test for each application being that they must promote sustainable employment opportunities and/or generate sustainable economic benefit for the region. All applications must be for viable long term propositions that aim to achieve sustainability.

DWC is excluded from investing in local and central government infrastructure, and cannot provide grants to businesses or organisations where that may affect DWC's charitable status.

DWC is not a high risk lender and aims to have a balanced portfolio of good regional investments across different industry sectors and geographical areas, ranging from start-ups to established businesses.

It is an applicant's responsibility to provide adequate information to allow DWC to make an informed decision as to the viability of any proposal. If submitting an application, it is recommended that applicants seek accounting and legal advice where appropriate.
